DEPARTMENT POLICY

MA Only

The Healthy Michigan Plan (HMP) is based on Modified Adjusted Gross Income (MAGI) methodology.

The Healthy Michigan Plan provides health care coverage for a category of eligibility authorized under the Patient Protection and Affordable Care Act and Michigan Public Act 107 of 2013 effective April 1, 2014.

Targeted Population

The Healthy Michigan Plan (HMP) provides health care coverage for individuals who:

- Are 19-64 years of age.
- Do not qualify for or are not enrolled in Medicare.
- Do not qualify for or are not enrolled in other Medicaid programs.
- Are not pregnant at the time of application.
- Meet Michigan residency requirements.
- Meet Medicaid citizenship requirements.
- Have income at or below 133% Federal Poverty Level (FPL).Cost Sharing.

The Healthy Michigan Plan has beneficiary cost sharing obligations. Cost sharing includes copays and contributions based on income, when applicable.

Copayments for services may apply to HMP beneficiaries. Prior to enrollment in a health plan, beneficiaries are eligible to receive Healthy Michigan Plan services through the Fee-for-Service system.

Copays are collected at the point of service, with the exception of chronic conditions and preventive services.

Healthy Michigan Plan beneficiaries, who are exempt from cost sharing requirements by law, are exempt from Healthy Michigan Plan cost-sharing obligations. Similarly, services that are exempt from any cost-sharing by law, such as preventive and family planning services are also exempt for Healthy Michigan Plan beneficiaries.

MI HEALTH ACCOUNTS

Healthy Michigan Plan managed care members are required to satisfy cost-sharing contributions through a MI Health Account. Cost sharing requirements, which include copays and additional contributions based on a beneficiary's income level, will be monitored through the MI Health Account by the health plan.

These requirements begin after the beneficiary has been enrolled in a health plan for six months.

Beneficiaries enrolled in a health plan will have the opportunity for reductions and/or elimination of cost sharing responsibilities to promote access to care if certain healthy behaviors are attained. If the amount contributed by the beneficiary is less than the amount due for a service received, the provider will still be paid in full for the services provided.

FEE-FOR-SERVICE BENEFICIARIES

For Healthy Michigan Plan beneficiaries who are exempt from enrollment in managed care plans or who have yet to enroll in a managed care plan, copayments for services may apply. Fee-For-Service (FFS) beneficiaries will not be assigned a MI Health Account.

Copayments may be required and due at the point of service for office visits, pharmacy, inpatient hospital stays, outpatient hospital visits, and non-emergency visits to the Emergency Department for beneficiaries age 21 years and older.

Parents requesting health care coverage for themselves must provide proof that their children have credible coverage, even if not applying for the children.
